Diversity & Inclusion

SOCIAL & CHARITY

At UTB we have a full and varied programme of events and activities, both social and for learning and development. We share information with each other via an active and regular communication program where we hear from our leadership and from our Staff teams such as our inclusion and diversity committee. We share all of these in a regular series of updates across our Intranet - The Nest and our staff newsletter YouTB and you can get an idea of some of the things we include here.
